

USEFUL INFORMATION FOR SCHOOLS

About Wake The Tiger

We want to use the power of creativity to inspire a world that works for all.

Wake The Tiger is an art walk-through experience, based in Bristol, the creative heartland of the UK's South West. Founded by the team behind internationally-renowned festival Boomtown Fair; we are passionate about creating a world that works for all.

We challenge perceptions, expand imagination and encourage connections within ourselves, each other and the world around us.

Our values are:

- **Nurturing:** The belief in caring for ourselves and each other. Together we can be better
- **Creative:** The belief in artistic freedom and the art of the impossible; that creativity will help solve the challenges of the world.
- **Inclusive:** The belief that we are building a world where we embrace one another and celebrating our differences.
